Informatics graduate from Universitas Islam Indonesia with experience in cybersecurity, system quality assurance, risk assessment, and information security practices. Strong understanding of IT governance, system controls, testing processes, and risk management with proven experience in evaluating systems, identifying issues, and providing improvement recommendations. Interested in building a career in IT Audit and risk management within the banking industry.

Work Experiences

Telkom Indonesia - Jakarta (Onsite) <i>System Quality Assurance at Cyber Security Dept</i>	Feb 2025 - Jul 2025
- Validated and re-tested 94 bug fixes to ensure system stability and support successful deployment processes. - Identified over 40 functional and UI issues while proposing 19 usability improvements to enhance operational efficiency and data integrity. - Collaborated with cross-functional stakeholders to monitor API traffic and maintain secure, reliable system communication. - Developed a risk scoring framework using heatmap visualization to support impact assessment and business decision-making.	
Laboratorium Terpadu Informatika UII <i>Mobile App Development Laboratory Assistant</i>	Sep 2024 - Jan 2025
- Mentored students in mobile development concepts through project-based learning sessions and technical guidance. - Assisted students in troubleshooting technical issues and strengthened communication and coaching skills. - Facilitated collaborative learning environments that improved teamwork and knowledge sharing.	
Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka <i>Mobile Development Cohort</i>	Feb 2024 - Jul 2024
- Collaborated within multidisciplinary teams consisting of Mobile Development, Machine Learning, and Cloud Computing participants. - Contributed to the development of an Android application by integrating AI-based solutions and cloud services. - Managed project workflows from ideation to implementation while maintaining project timelines and collaboration effectiveness. - Leveraged emerging technologies for rapid prototyping and solution development.	

Education Level

Universitas Islam Indonesia <i>Bachelor of Informatics, 3.71/4.00</i>	Sep 2021 - Jan 2026
- Research focus on Mobile-Assisted Language Learning (MALL) resulting in Scopus Q2 and Sinta 4 indexed publications - English Proficiency: CEPT Score 557 (CEFR B2 – Upper Intermediate)	

Organisational Experience

Porsematik 2022 <i>Koordinator Komisi C</i>	Jun 2022 - Dec 2022
- Managed budgeting and financial documentation to ensure accountability and transparency. - Coordinated with multiple stakeholders to ensure smooth event operations.	

Skills, Achievements & Certifications

Hard Skills: • System Testing & Quality Assurance • API Monitoring & Security • Cybersecurity & IT GRC (ISO 27001, ISO 27005, NIST) • SDLC & SOLID Principles • Risk Assessment & Monitoring • Data Analysis & Problem Solving • Native Android & Flutter Development • Vulnerability Assessment (Invicti, Nessus) • Documentation & Reporting • Microsoft Office (Excel, PowerPoint, Word)	
Certification - Language Proficiency 📄 (2025): Successfully achieved a score of 557 on the CEPT test with a B2 (Upper Intermediate) category on the CEFR guidelines.	
Certification - The GRC Approach to Managing Cybersecurity 📄 (2026)	
Certification - ISO 27001: Information Security Associate 📄 (2025)	
Certification - Cisco - End Point Security 📄 (2023)	
Certification - Cisco - Cyber Threat Management 📄 (2023)	
Achievement - Top 50 Finalists HackFest 2023 by GDSC Indonesia (2023)
